OBJECTIVE

Passionate Computer Engineering student skilled in Java backend development and data visualization. Seeking to apply problem-solving skills and technical expertise in impactful projects.

EDUCATION

NBN Sinhgad Technical Institute Campus, Pune B.E in Computer Engineering, CGPA : 9.67	2022-2026
Rajarshi Shahu Junior Science College, Latur Higher Secondary School, Percentage - 77.33	2022
Shri. Keshavraaj Vidhyalaya, Latur Secondary School, Percentage - 100.00	2020

SKILLS

Languages- Java, SQL, C++, HTML, CSS, Javascript

Technical- OOP, Data Structures, Operating System, JVM architecture, Computer Networks, JDBC, Database Management System

Database- MySQL

Developer Tools- Git, IntelliJ IDEA, MySQL Workbench, VSCode, Power BI

INTERNSHIPS

Infosys Springboard - Data Visualization Intern Oct, 2024-Dec, 2024
Key Skills : Power BI, Data Visualization, DAX, Business Intelligence, Data Analysis

- Created a SuperStore Sales Dashboard using Power BI and DAX with key metrics like Total Sales, Profit Margin.
- Designed interactive visuals to enhance data storytelling and practical BI insights.

PROJECTS

- **FoodShare** – *Java, JavaFX, MySQL*
A food donation management system for connecting donors and volunteers. Includes login, dashboards, donation tracking, and database integration using JDBC.
- **Random Art Generator** – *Java, Multithreading, JavaFX*
A creative GUI-based application that generates unique digital art using colors, shapes, and randomness. Demonstrates graphics, logic design, and user interaction.
- **File Hider Utility** – *Java, Exception Handling*
Command-line utility that securely hides and unhides files using Java File APIs and access control. Demonstrates Java system-level operations and exception handling.

ACHIEVEMENTS

- Academic Excellence: Secured the 1st rank in NBNSTIC with a cumulative CGPA of 9.88/10 in the third year.
- Hackathon Participation: Finalist in Smart India Hackathon 2023, recognized among the top 10 teams for the problem statement and appreciated by evaluators.
- Event Volunteering: Actively volunteered at Sinhgad Spring Fest, contributing to event coordination.

CERTIFICATIONS

- Microsoft Azure Fundamentals – Core cloud concepts, Azure services, pricing, and security
- Oracle Cloud Infrastructure 2025 Generative AI Professional – Prompt engineering, AI workloads
- Java – OOP, Exception Handling, JDBC
